RE: University Lease

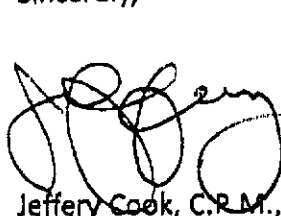

To Whom It May Concern:

We have worked with University Lease for over 9 years and have initiated and completed numerous leases with them. I can honestly say that we have never been disappointed with their customer service or their ability to exceed our expectations from delivery to return. We have partnered with University Lease on a variety of different equipment and they have come through for us every time.

These days we are all expected to do more with less, so knowing that University Lease has the ability to bring flexible and creative options to the table to help us get the job done is extremely valuable. Couple that with an experienced single point of contact that is familiar with the needs of our college and you get a winning combination.

There are over 3000 leasing companies in the USA and we chose University Lease.

Sincerely,

 Cook, C.P.M., CPPB

Director of Purchasing & Materials Management
